

Dear Members and Staff,

I would like to start off by letting everyone know how much the Carter Athletic Center cares about the wellbeing of our members and community. The CAC prides itself on customer service and giving people the ability to live out their fitness journey.

I'm sad to report that the CAC will be closing according to the recommendations that were recently made by prominent healthcare leaders in society with the intent to encourage social distance to help slow down and stop the spread of COVID-19. We will be closed as of today, March 17th starting at 9PM. We will plan to reopen when healthcare officials deem it safe to reinstate social gatherings.

Members who paid yearly dues in advance will be credited time missed to their account. Members who pay monthly will have their dues frozen until the CAC has reopened. Insurance based memberships will not be affected by this. These members can reach out to their insurance companies for any questions regarding the terms and agreements.

For those who have a locker at the gym and need to gather any personal belongings, I will be at the gym tomorrow morning from 6-10AM. Members will only be permitted to remove their belongings and will not be allowed to work out or swim during this time.

Again, we value our members and community and view the health and safety of everyone as a top priority. Thank you for your understanding and cooperation during this time. We look forward to seeing everyone again once the CAC has reopened!

Sincerely,

Brandon Washington
