Contact phone:

Describe the business of the internship host:
Risk Management Services (RMS) assists clients in meeting their insurance needs and insuring that their exposure to risk is minimal. RMS seeks to protect clients, like police and fire departments, school systems, etc. from financial loss, liabilities, and cost overruns. It also assists them with project management.

Some internships will already be defined by the host, in which case the questions below will already be answered. If the answers are to be determined as a result of a conversation with the host, the student must answer these questions and return this form to the Program Director.

Describe the internship tasks and responsibilities:
RMS is offering two NCS interns a broad exposure to this business. The five week program will feature a full week in each of four departments under the mentor ship of the department managers areas The fifth week will be devoted to a project based one of these departments: Quality Assurance, Cost Containment, Underwriting, and Project Management.
