A NEWSLETTER FROM NORTH CROSS SCHOOL'S RESIDENTIAL LIFE PROGRAM

## TRUE CONFESSIONS:

This winter break, I had a chance to travel with my cousin. We stayed in an airbnb for the first time in our lives in Philadelphia, Pennsylvania! Our host was very nice and sweet, he gave us a box of chocolates as a gift for Christmas! It was such an exciting and fun trip as we went to explore many different places like the City Hall, Magic Garden, Franklin Square, the Reading Terminal Market, museums and a lot more. My cousin and I were both hungry for Asian food, especially Vietnamese and Chinese food, therefore, we went straight to Chinatown to eat on our first day and I got to drink some bubble tea! The town was very busy and crowded with people from all around the world! We also visited Little Saigon and met some Vietnamese people. They were very friendly and some of them speak very good English!

On December the 24th, we took a train to New York City to go shopping and feel the joy that Christmas brings. The city was crazy crowded but also filled with bright and extraordinary decorations from buildings to parks and streets. We went to the top of the Rockefeller Building, down to Lower Manhattan, made wishes under the giant tree and bought some cute clothes and gifts from shops in Times Square.

I went to meet Hannah in Washington D.C. (pictured left) on January the 2nd and we had a good time with each other. We visited The White House, the US Capitol, Smithsonian National Air and Space Museum, Washington Monument and Chinatown. We rented bicycles and rode it around the city! We talked and took a lot of photos for each other and I'm glad that we met each other!

## TO FAMILIES REGARDING THE RECENT CORONAVIRUS OUTBREAK

In light of the recent outbreak of Coronavirus in China, I wanted to take a moment to communicate with you regarding how this affects North Cross students and offer some resources as you look for the latest information regarding the situation.

As many of our students know from our wonderful Lunar New Year performance, Chinese New Year celebrations are underway, which means that millions of people are traveling within China. The number of confirmed cases has grown rapidly in the past week, and there is reason to think that it will continue spreading in the upcoming weeks. Although the outbreak started in Wuhan, a number of cases have also emerged in big cities, likely due to airport transfers in the region.

At the time of this letter, the Centers for Disease Control has raised its travel advisory to Warning Level 3, which advises against all non-essential travel to China. As a result, I have canceled my upcoming trips to China, and the purchasing of tickets for our June student trip there is postponed. You can rest assured that we will not take ourselves or our students to China (or any other country for that matter) unless we are confident that no danger to their health is posed.

With North Cross's spring break fast approaching, we are working to implement systems and procedures to keep all students safe.
